

**MECHANIC
DEPARTMENT OF PUBLIC WORKS
CITY OF CUDAHY, WISCONSIN**

The City of Cudahy, Wisconsin seeks a qualified individual for the position of general mechanic in the Department of Public Works. The position will assist the Chief Mechanic on the repair & maintenance of vehicles & equipment used in the daily operation of a municipal fleet including cars, trucks, and specialized (heavy & small) equipment. Additional duties include operating equipment as needed, inspection, trouble shooting and working with the Chief Mechanic to schedule and perform preventative maintenance; training operators; welding, fabricating and modifying City equipment. Position responds to emergency call-in during peak weather related events.

The successful candidate should have a high school diploma or equivalent and a minimum of two years of work related experience or training with diesel engines. Experience with hydraulics, electrical and management systems is a plus. Depending on the candidate's previous occupational experience and apprenticeship/training the City may consider a candidate with lesser qualifications. Valid Wisconsin Commercial Driver's License (CDL) A,B & ability to obtain N-tanker license within 6 months of hire. Candidates must be capable of lifting up to 60 pounds and standing for long periods of time.

Salary ranges from \$26.50/hr to \$29.50/hr depending on qualifications. Excellent health care, retirement and fringe benefit package.

Application packages are available at Cudahy City Hall or on our website at:
