

John Hohenfeldt

Mayor, City of Cudahy

As a part of a continuing effort to promote local business here in the City of Cudahy, the Office of the Mayor has begun a new feature called the *Cudahy Business of the Month*. Each month, I will interview a local business owner to showcase that local business. In-turn, this will help residents of our community become familiar with the many quality, local companies located within our borders.

February Business of the Month:

T K Architectural Design Services, 3855 East Barnard Avenue, Cudahy, Wisconsin, 414-507-3046, tschuelke1@gmail.com

What kinds of services do you offer?

At my company, we do everything from structural drawings that touch every part of a business to projects as simple as a deck addition for a residential project or a 3-D commercial building. We offer services in 3D cad designs, custom designs, structural design, and realistic computer renderings.

What is your experience in this field?

With schooling from the University of Wisconsin Milwaukee in Architecture and Urban Planning, I have over 15 plus years of experience and 10 years of experience in the construction industry. My ability to work with various contractors, keep clients informed, while offering an affordable price for my customers, make me truly unique as a small Architectural Design Services Firm.

When did you open your business in Cudahy?

I opened my business in Cudahy in January of 2010, and have been serving clients in the south shore since then. With my ability to work on residential, light commercial, retail and mixed use projects, it really sets me apart from other firms.

How do you advertise your business?

My satisfied customers are one of my best advertisers, along with other forms including the work I have done with contractors. I also use houzz, Facebook and four square as social media platforms to promote my business.

“Generations of Pride”

Office of the Mayor . City Hall, 5050 South Lake Drive, P.O. Box 100510, Cudahy, WI 53110
(414)769-2222 Fax (414) 769-2257 jhohenfeldt@ci.cudahy.wi.us

Who are some of your customers and where have you performed work?

Over the years, I have worked on a number of different projects including projects for Milwaukee PC, KMF Construction, M.C.S. (Millard Construction Services LLC) and Hawks Nursery in various communities including Cudahy, South Milwaukee, Franklin, Pewaukee, Fox Point, and Waukesha to name a few.

How do you give back to the community?

I was approached by the Mayor for an appointment to serve on the City of Cudahy Design Review Board. This has helped me give back to the community. In addition, I have also presented projects to other communities' governmental bodies and the experience of being on both sides of a project, is extremely helpful for my clients.

If there is one thing that potential customers should know about T K Architectural Design Services, what would that be?

We are a company that mixes the personalized customer-based touches of a small business with the innovation and expertise of a large design company, at a cost that is affordable and attainable for our clients.

As always, I encourage you to support each and every local business. I hope that this monthly feature of **T K ARCHITECTURAL DESIGN SERVICES** has helped you become more familiar with this local business.

January's 2015 Featured business of the month was **\$ Den**. For information on previously featured businesses visit the City of Cudahy's website at www.cudahy-wi.gov.
