RE: Garbage & Recycling Cart Pick-up during Kirkwood Reconstruction

It was brought to our attention that Advanced Disposal will not be able to pick-up garbage and recycling without the alley being fully open. As you are aware the alley entrance off Kirkwood is under construction. When we discussed this several months ago with Advanced Disposal they told us they would back down the alley. Unfortunately they discovered they are unable to back around the 90 degree bend. So Tuesday your garbage was picked up by the City's DPW however, beginning next week Monday (your normal garbage day), bring your garbage cart to the curb on Morris in front of your parcel. The City will be installing "temporary No Parking Mondays" so that Advanced Disposal can service your carts from Morris Avenue. On your recycling day you should also put your recycling cart at the curb on Morris. Continue to place your carts out at the street (Morris) until Kirkwood is open to traffic. We are sorry about the inconvenience but this will assure that your garbage & recycling is picked up.
