OTHER BUSINESS

Transfer of WIC Program from Cudahy to West Allis

Darren Rausch reported that the transition is moving slowly and there will be more details to come in the near future. The hiring process of full and part time personnel is in progress.

All Board members received a copy of the agreement between the West Allis WIC Program and the Cudahy Health Department. Carol Wantuch had a suggestion pertaining to item #4 under *Other Activities*. Children with elevated blood lead levels to be changed to children from Cudahy.

The Farmers Market which has been run by the Cudahy WIC Program at Cudahy City Hall is an event that the Cudahy Health Department would like to see continue. Darren Rausch mentioned that a former farmers' market vendor recently contacted the Mayor and that information was passed along to the West Allis WIC Program.

Motion by Dr. Shampo, seconded by Lynn Damitz to approve the agreement between the West Allis Health Department WIC Program and the Cudahy Health Department with one correction: #4 under *Other Activities*. "The Cudahy Health Department will provide any necessary public health and environmental health follow-up for **Cudahy** children"

Motion Passed.

Recruitment of a new Cudahy Health Officer

The position has been posted and as of this date there are seven potential candidates.

Darren Rausch explained that currently the Cudahy Health Department is a Level 3 and if the department dropped to a Level 2 there could be more applications. This would make the educational requirements for applicants less stringent thereby providing a wider pool of candidates.

The new deadline for applications to be received will be sometime in June, 2014.

Motion by Dr. Shampo, seconded by Patricia Borkowski to accept the Interim Health Officer's report.

Motion Passed.

Reminder: No meetings are scheduled. Members will be notified of any future meeting.

ADJOURN

Moved by Lynn Damitz, seconded by Dr. Shampo to adjourn 6:23 PM.

All voting in favor.

Respectively submitted,

Neal White, Secretary
