As a part of a continuing effort to promote local business here in the City of Cudahy, the Office of the Mayor has begun a new feature called the **Cudahy Business of the Month**.

From month-to-month, we will interview a local business owner to showcase his or her business. In-turn, this will help residents of our community and elsewhere become familiar with the many quality, local companies located within our borders. - Mayor John Hohenfeldt

**The interviewees are Scott Wilke (S), co-owner, and Amber Vavrusa (A), marketing and public relations.**

**When did you open South Shore Cyclery?**

S: The store began in 1987 as North Shore Cyclery on Oakland Avenue in Milwaukee, started by a previous owner. He then moved the store to South Milwaukee and it became South Shore Cyclery. In 2002 I came into ownership of the current building on Packard Avenue, (the former Cudahy News and Hobby building) using it as a museum for my growing antique and vintage bike collection. We linked operations and the new South Shore opened here in 2005.

**What sales and services do you offer?**

S: The primary operation is to sell new and used bikes and bike parts. We are franchised to sell Giant bicycles and bicycling accessories. We also have bicycle repair and service operations by trained mechanics. We offer trade-in deals as well. We are particularly interested in buying well maintained classic, vintage, and bicycle shop quality bicycles.

The museum aspect of the shop is unique, can you describe that part and its background?

S: I began collecting classic American bikes in 1988, initially focused on those manufactured between 1933 and the late 1950s. The collection progressed and grew to include all eras of bicycling history. We have specimens from the Civil War era to modern times.

Part of the shop is dedicated to showcasing the collection. People can visit my website, [www.bicyclecollector.com](http://www.bicyclecollector.com), for all the details. The history of our building beginning which started as a Woolworth's Department Store, is told there too.

Does the store have a website for sales?

S & A: We're growing our business through e-commerce and our goal for the foreseeable future is to grow our online presence. The sales are managed through ebay and linked to our website ([www.southshorecyclery.com](http://www.southshorecyclery.com)). Retail is moving well and we even have visitors & shoppers from international IP addresses.

Do you host or sponsor events or organizations?

A: We host a Wednesday night group bike ride from April to September which departs from the shop at 6 pm. This ride is geared towards experienced riders prepared to move quickly. Recently we started a casual ride which will run from June to August; open to anyone it's a great way to link our business with the Milwaukee County parks and trails, especially those nearby.

We sponsor the Oak Leaf Discovery Tour Passport. The proceeds go toward funding way-finding signage, such as new reflective and graffiti resistant signs. We're also involved with the Park People, a green space advocacy group, as well as with the Healthiest Cudahy Coalition, and the South Shore Chamber of Commerce.
